High School
Newark, New Jersey

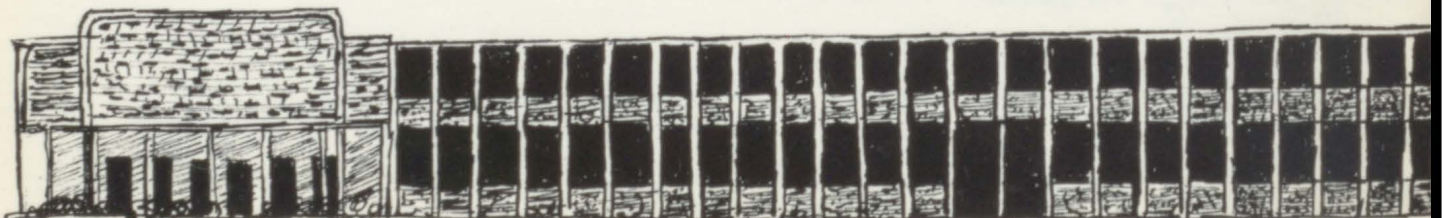

Barringer . . . Past . . .

Newark High School, the third oldest public secondary school in the country, was established in 1838 on Washington and Linden Streets.

The Gym Building was added in 1931.

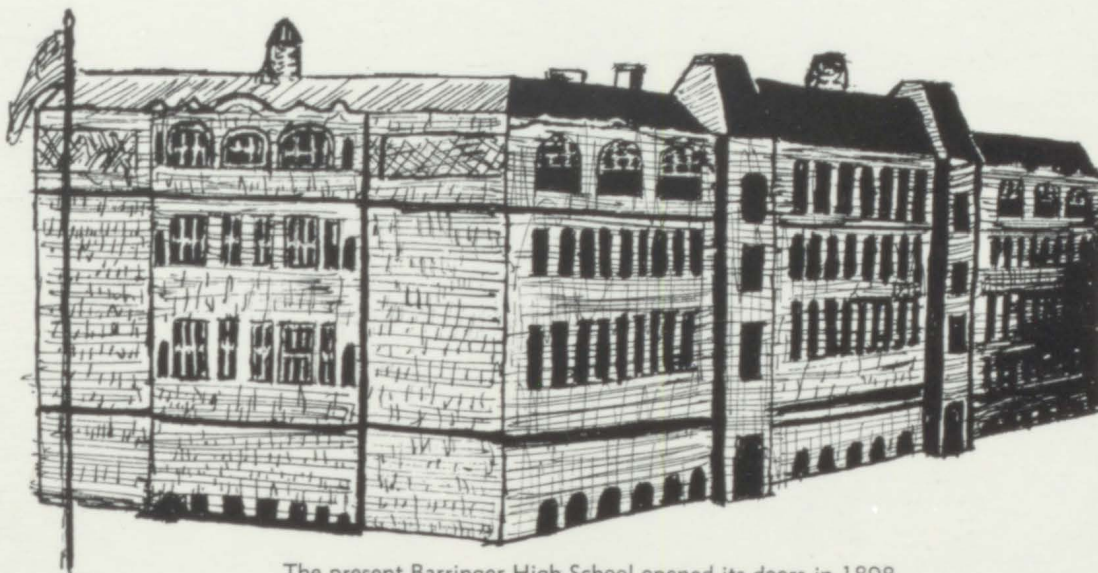

The future Barringer High School will be a six million

Present . . . and Future

WITH GRATITUDE AND PRIDE

In 1962, the Newark Board of Education authorized the clearance of the site for the new Barringer High School. Construction bids have been submitted, and the architect, Mr. Robert H. Fava, completed the architectural plans and renderings. By 1964, the project will be ready. Barringer will finally have the physical plant and facilities needed to continue its tradition of excellence in education. With great pride and satisfaction, the citizens of Newark endorsed the construction of this long awaited dream.

The present Barringer High School opened its doors in 1898.

dollar investment in the future of this city.

The New Newark Builds

"Famed in song and story; temple gray and castle hold."

On this ground will arise the new Barringer.

Out with the old, and in with the new!

the New Barringer

In the beginning was the word.

"The new building will house the finest educational plant in the city."

Through the Years,

LYTA GERHOLD

"What you are to be you are now becoming"—a sign on Mr. Vogel's office I remember once more as I am about to be graduated. What I am to be, I do not yet fully know. What I am now; I can largely attribute to Barringer. Through the guidance and understanding of my teachers, the fellowship of my friends, and the patience of my parents, I have been aided in my development as an individual.

ROSALYN ZEID

My three years at Barringer have proved to be a wonderful experience; one that I'll never forget. I have attained an intellectual background which has opened the doors of college and a future of infinite opportunity to me.

I have acquired many warm and sincere friends here at Barringer who I will always remember as some of the nicest people I have ever known. The traditional Barringer school spirit has carried over to our class as it does in all classes. I shall never forget this spirit which has been a part of me throughout my stay at Barringer.

DON DEL PLATO

My three years at Barringer High have been most enjoyable and pleasant. I have participated on the track and swimming teams, improving not only in athletic ability, but learning a basic lesson in sportsmanship as well. Both the teachers and the students at Barringer have been amiable, sincere, and understanding.

I have broadened my scholastic and industrial abilities. Now, as I prepare to embark on a career as an industrial arts teacher, I can look back at the wonderful memories of Barringer and say, "Thank you Barringer, for you have served me as a stepping stone to a future of endless opportunity."

THOMAS MEEKER

My three years at Barringer have given me several experiences that are a part of learning to become an adult. I have made many new friends and have had the opportunity to work in harmony with them. Needless to say, I have had the opportunity to learn the fundamentals of higher education. But beyond this, I was fortunate enough to broaden my cultural background through field trips, and classes pertaining to musical concepts or theories. These three years have made me realize the necessity of a good education. My Barringer years have not only improved me educationally, but also have expanded my outside or social interests. Saturday afternoons were something to look forward to during the football season. The several dances held each year, have made many enjoyable Friday nights. These are just a few of the things which have left an indelible mark on my mind, and shall keep the spirit of Barringer alive in me forever.

We Pledge Thee Praise Loyal to Life's Ending!

TERRY TRENT

What have these last three years in Barringer meant to me? They have left me with a lot of wonderful and yes, even incredible memories. I have made a lot of new and unforgettable friends, yet I have kept up my most valuable friendships with my old friends; the ones from whom I hope never to be separated.

Barringer is filled with traditions which at first had no meaning to me. But after I became accustomed to the school and started to take part in the many activities offered, the traditions became a part of me, and likewise, I became a part of them. I have received perhaps one of the best educations that could be offered anywhere. Yes, Barringer means a lot to me and I know that I shall never forget the profitable experiences, scholastic and social, which have poured forth from the proud walls of the "Big Blue."

MIKE VALENTINO

My three years at Barringer have been a wonderful experience, and also, a rewarding one. They have been rewarding because of the valuable relationships that I have made in athletic participation. Learning the lesson of fair play and sportsmanship has been one of my treasured accomplishments.

I am deeply indebted to the teachers at Barringer in helping me choose my major field of study, in selecting a college, and in helping me to stay on the right path.

But most of all, my relationships with the students of Barringer High, old friends and new, have been a most gratifying and deeply rich experience.

BARBARA DI GIOVANNI

I feel that my past three years at Barringer have broadened my intellectual background. I've found guidance and understanding among my counsellors and teachers.

These years have been full of fun and excitement. Not only have they changed my outlook on life, but they have given me moments of pleasure.

Barringer's extra-curricular activity program has given me the opportunity to meet many new friends and participate in activities with them. These activities have helped me to become a part of the wonderful warm and friendly atmosphere at Barringer.

DONALD HUPE

Barringer has given me an opportunity to achieve what is perhaps the greatest gift of all; the gift of knowledge. I have made many friends by participating in academic and social affairs. I have learned not only the type of knowledge that one finds in textbooks, but also tangible type such as meeting people and engaging in activities with them. Barringer has helped me to choose my prospective career and impart in me the desire to succeed.

That's My Pop!

Dedication

*We Salute You,
Mr. William Janowski*

"No bubble is so iridescent or floats longer than that blown by the successful teacher."

Sir William Osler

The graduating class of June, 1962 is privileged to dedicate this Yearbook to Mr. William Janowski, scholar and gentleman. His patience and calm deliberation solved many of our problems; his integrity and cheerful disposition inspired efforts toward bettering ourselves, our school, and our community.

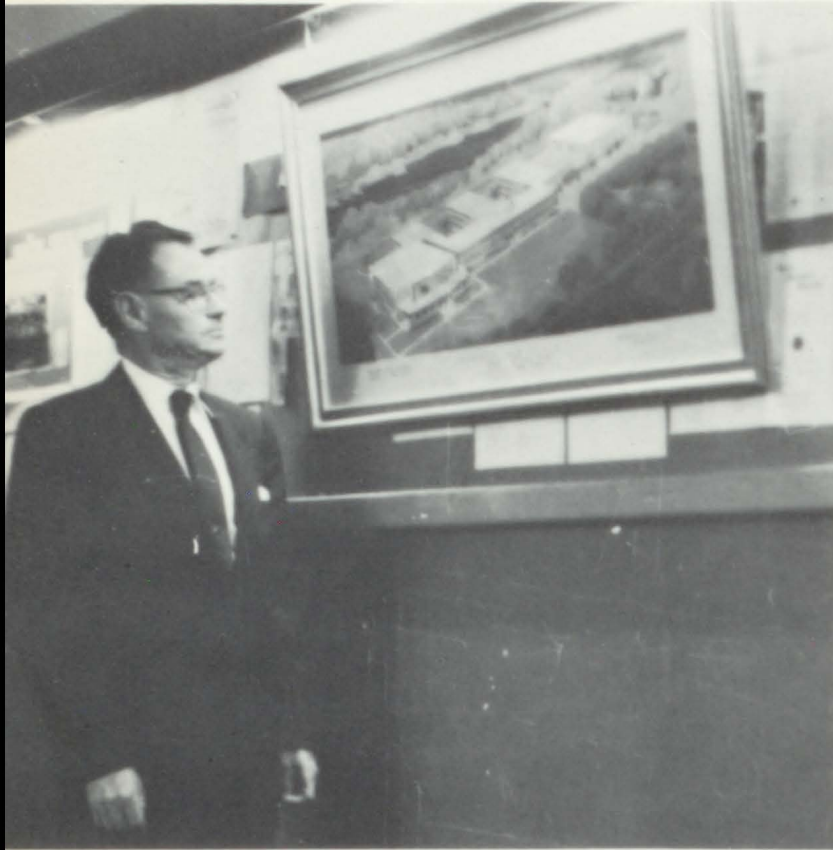

We are aware of the responsibilities in the years ahead. We want to express now our sincere appreciation for the guidance and wisdom which you, "Mr. Jan," so unselfishly extended and which will help us meet these challenges.

Administration and Faculty

If we don't get our coffee break, something within us dies.

The Tasks and Responsibilities Are Many

William R. Cain
PRINCIPAL

Our principal admires architect's rendering
of the New Barringer.

David A. Blank
VICE PRINCIPAL

Mr. Blank prepares master schedule for
next semester.

No One Told Us!

Alice Schneider
CLASS ADVISER

"I would have to sweep up after the dance!"

William Janowski
CLASS ADVISER

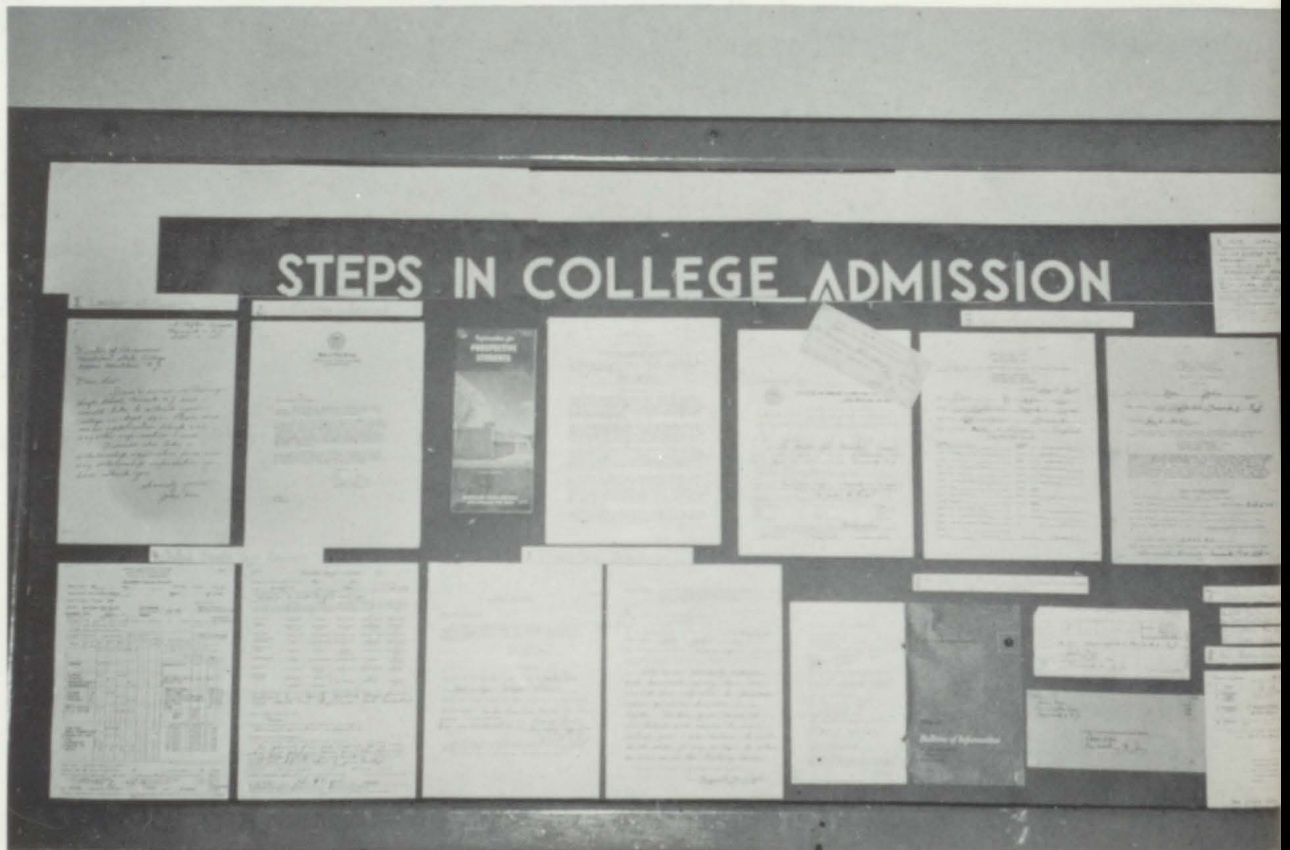

"I would be called upon to sacrifice my dignity at the senior skating party. It still hurts!"

They Helped Us Grow

Head Guidance Counselor, Mr. John Vogel, and Senior Counselor, Miss Margerite McLaughlin, interpret college board scores to Charles Sportelli.

Senior Homeroom Teachers

It takes cooperation and teamwork to make senior activities a success.

*"Civilization
is a race
between education
and catastrophe!"*

From Morning to Night

Teaching is a hectic, demanding, and emotionally grueling profession that requires dedication, study, knowledge, patience, leadership, and personality plus.

The day begins at 7:45 a.m. . . . at the door, Mr. Castelluccio is greeted by troubled students, who need help with their chemical equations.

8:15 a.m. . . . homeroom period . . . read the Bible . . . salute the flag . . . take attendance . . . read the notices . . . give individual guidance . . . in ten minutes flat.

Five lectures a day . . . prepared to arouse the interest of the eager students as well as the apathetic.

"Pick up the milk carton." Citizenship and character training are not easily taught.

After school assistance begins at 2:30 p.m. and ends at 4:00 p.m.

It's 4:30 p.m., and Mr. Castelluccio is submerged in tests, homework assignments, and lab experiments. His brief case will be full tonight.

Many Serve Behind the Scenes

Dr. Edward Rattenne examines student, while nurse, Mrs. Linda Kocian looks on.

Teacher-clerk, Miss Fanny Bell, and secretary, Mrs. Eva Goldsmith, check time book.

School clerks, Mrs. Marie Jones and Miss Ann Rocco, tabulate school registers.

Cafeteria staff pose proudly with Thanksgiving turkeys.

Maintenance crew pause long enough in their work to have their picture taken.

Mom and Dad Stand Behind Us!

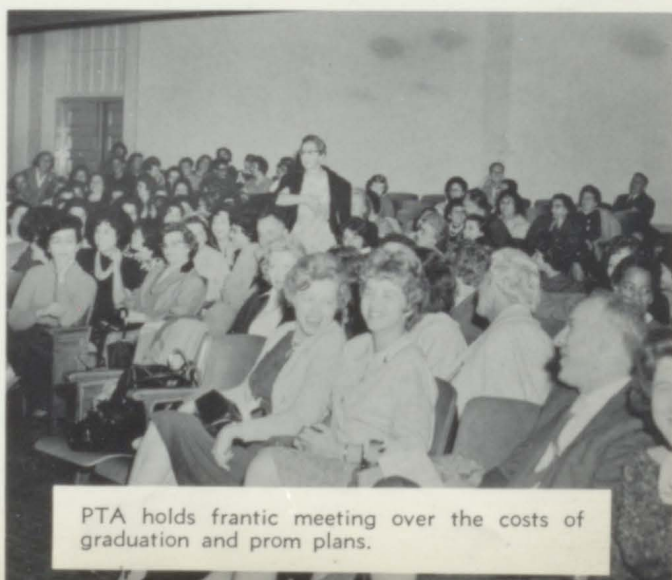

Fathers and Sons Association Executive Committee: Selling football programs . . . trophies . . . a fabulous banquet . . . a scholarship . . . new uniforms . . . steak breakfasts . . . boost morale . . . fight for better education . . . such is their work.

The Thirty-Ninth Annual Banquet of the Old Guard is held Thanksgiving Eve. Athletic alumni uphold the traditions of the Blue.

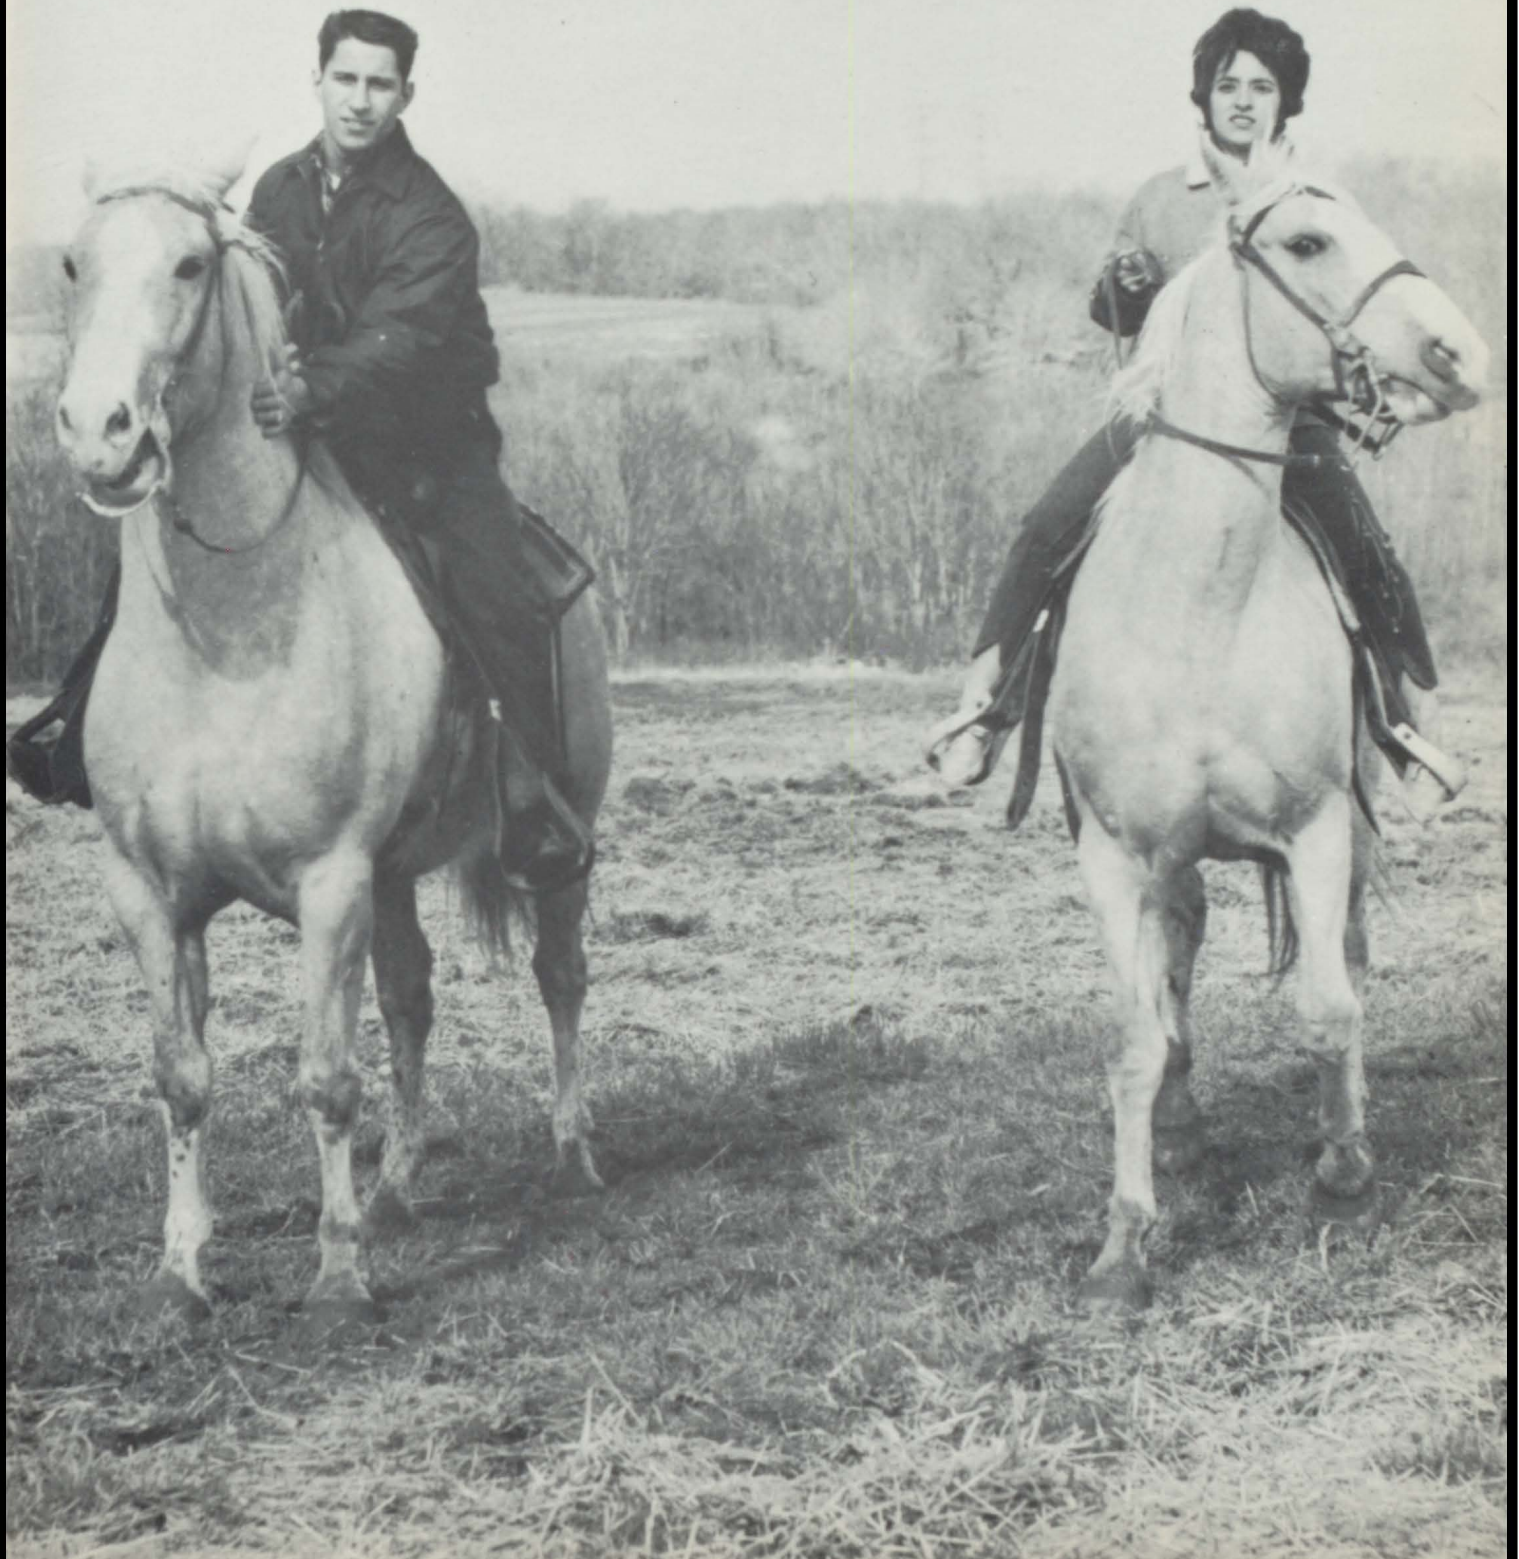

P.T.A. presents new Polaroid camera to William R. Cain, Principal, to be used by the Student Council and the Acropolis Staff.

PTA holds frantic meeting over the costs of graduation and prom plans.

Seniors

Seniors search out adventure

A Hallowed Tradition . . .

MEDICINE: Dr. Anthony Crecca, Class '27, distinguished heart surgeon, who was instrumental in developing hypodermia, a method of lowering the body temperature in order to perform heart surgery.

EDUCATION: Mr. Robert P. Biuno, Class '44, is Director of Admissions of Rutgers University in Newark.

BUSINESS: Mr. Mark Anton is president of the Propane Gas Company, and he was former state senator.

Since 1838, Barringer High School has graduated a distinguished list of alumni. The roll call of illustrious personalities include Stephen Crane, Jerome Kern, Oliver Wendel Holmes, Supreme Court Justice William Brennan.

In all fields of endeavor, Barringer graduates have achieved eminence.

The men pictured on this page are just a few of the many prominent Barringer graduates.

The "Top Ten," are the students at Barringer who have proven to be outstanding citizens as well as academic students. We earnestly hope that these honored students will continue this great tradition established by our alumni.

GOVERNMENT: Congressman Peter W. Rodino, Class '32, has been a member of the House of Representatives for fourteen years, and in this time, he has established himself as a forceful liberal.

Senior Mishaps

"Here you take it, Miss Tunstead. I think it's going to explode!"

"I'm sorry but we are not selling "Lolita" at this book fair!"

"We came early to the drive-in so that we could do our homework!"

"We are escaping from Captain Bligh."

Change is the Order

A REVOLUTION IN EDUCATION

The grim and unrelenting cold war has caused the people of the United States to become introspective in their evaluation of our democratic system. Americans are taking stock of our institutions to determine if the United States is prepared and able to meet the unprecedented challenges of this decisive decade.

All research studies emphatically reveal that the educational system has been found wanting. There is little disagreement over this. There is, however, disagreement as to what should be a proper solution to this perplexing problem of inadequacy. The citizens are aroused and concerned; education has become a major political and social issue in the United States.

For many years, the professional staff of Barringer High School has been aware of its duties and responsibilities to the nation. The curriculum has been slowly revised; controlled experiments have been initiated; new information and insights have been included into the courses of study; newer methods and approaches have been developed and tested; the latest techniques and materials are being employed to improve instruction, and many innovations have become standard practice. Without compensation and on their own time and expense, more than half of the teaching staff is taking graduate work at our colleges and universities in order to improve their competence.

Alumni visiting the school are quick to recognize the significant changes that have been made. There are stepped up demands. Standards have been raised. Attitudes improved. The academic pace has quickened.

Reflected on these pages are some of the more significant changes taking place in these hallowed halls of ivy.

Attorney Mr. Martin Loftus lectures to United States History 4 class on the subject of court procedures and civil rights.

Joe Coppolo in his advanced Mechanical Drawing class is most proud of his model home that he designed and constructed.

of the Day in Barringer

Dr. John Giannini's home made language lab is put into effective use as his students avidly follow the score of an Italian opera.

Mr. Morris Lerner explains the principles of the gyroscope to his Integrated Science class.

Fresh Approach and

Blind students read their assignments in braille and type out their assignments.

In Physics lab, young scientists work on experiment involving Hooke's law of motion.

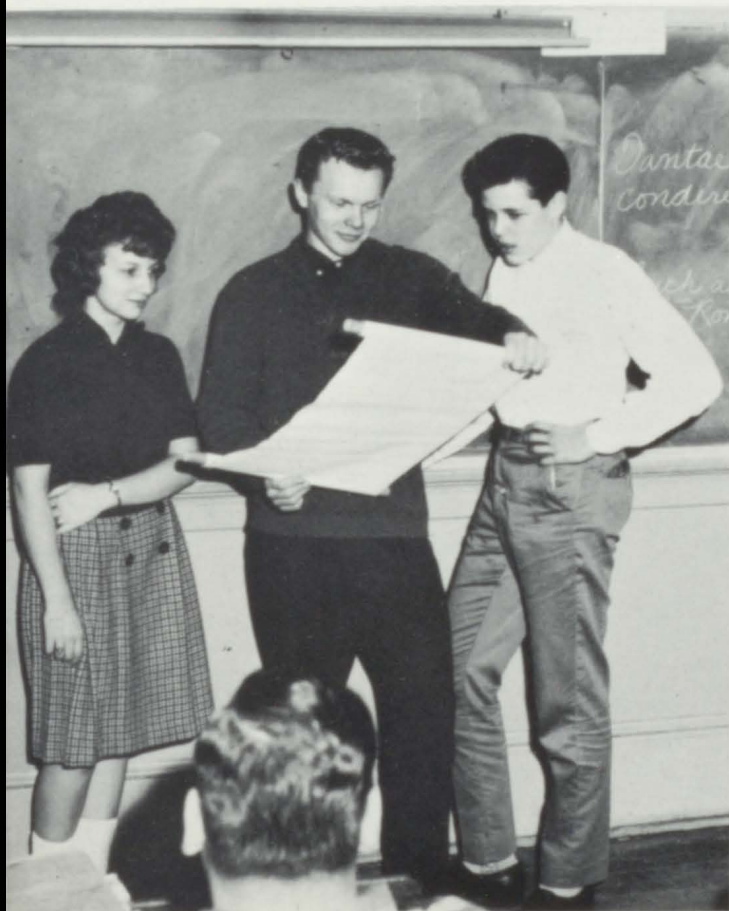

Richard Carpigano and William Soriano monitor propaganda broadcasts from Radio Moscow as term project for International Relations.

Techniques Arouse Interest

Eager musicians learn to master the piano keyboard.

Latin 6 linguists wrote on a scroll an original history of the assassination of Julius Caesar.

These objects d'art are the creative products of the Ceramics and Sculpture class.

Knowledge Explosion

A most successful innovation is the English laboratory that has assisted students to improve their English language skills.

Research uncovers vast areas of knowledge. John Ruffner and Nancy Carter search out material for their term papers.

The New Frontier demands physical fitness, and these lasses are indeed physically fit!

Revises Studies

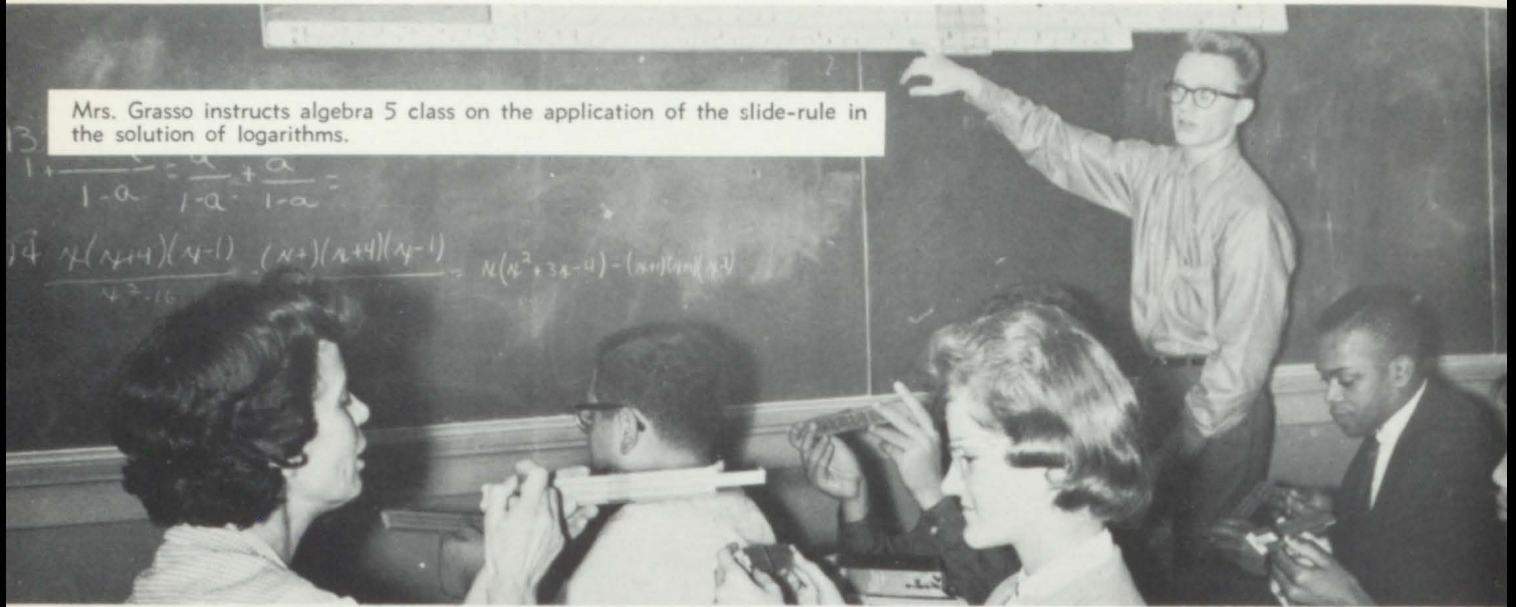

Janet Jacobus and Sandy Grom model their own creations.

Automation is radically changing office procedures, and these secretaries are ready to take dictation with their steno machines.

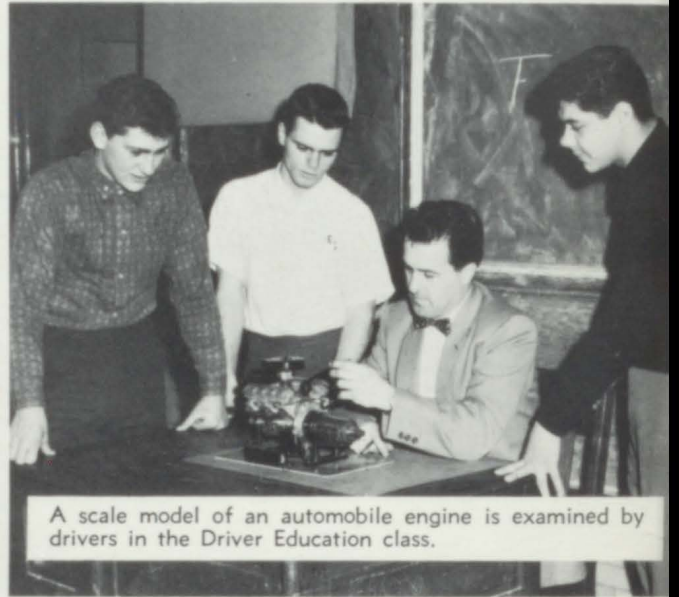

A Variety of Subjects to

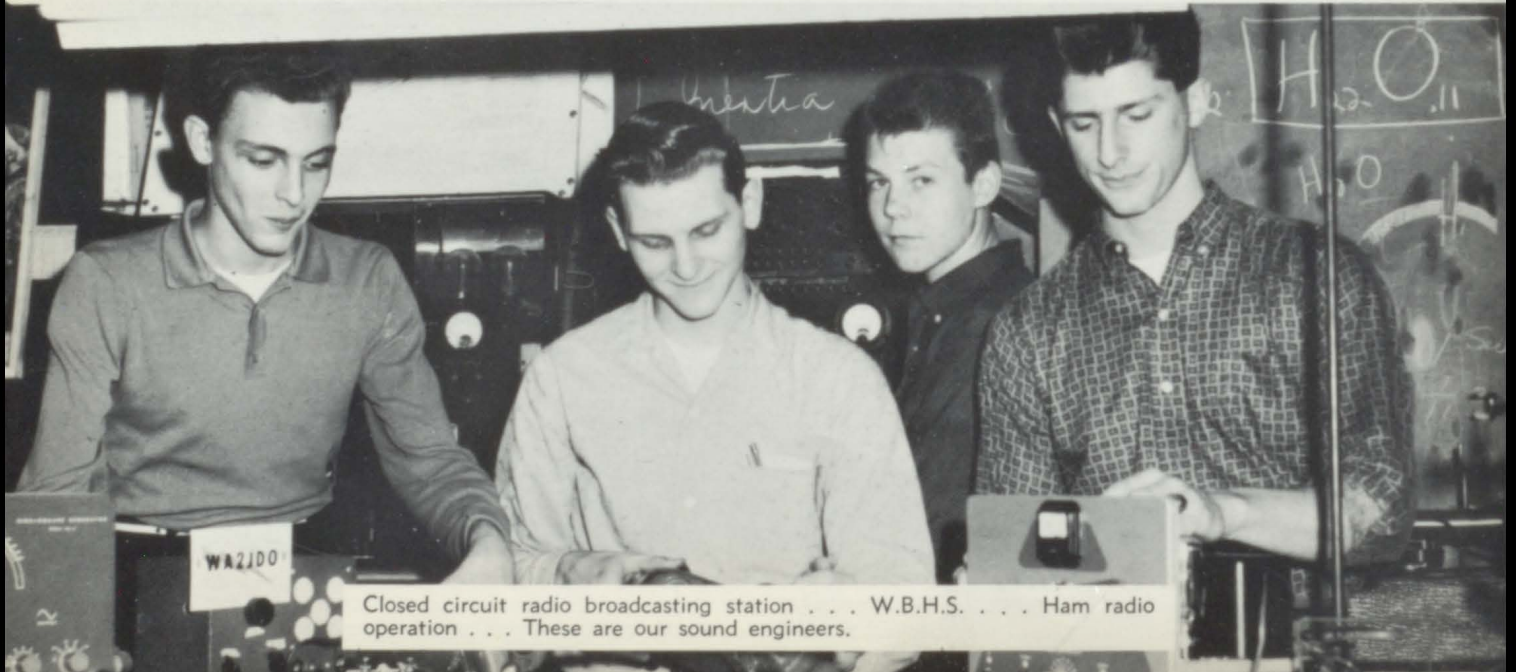

Mrs. Grasso instructs algebra 5 class on the application of the slide-rule in the solution of logarithms.

A bit of Jean Paul Sartre . . . No Exit for this Advanced French class.

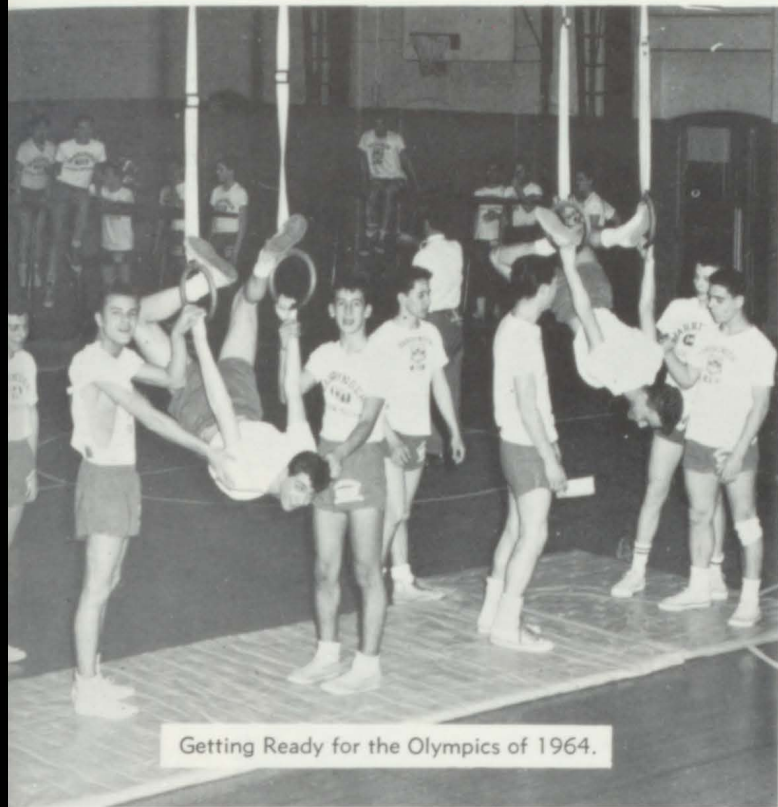

A scale model of an automobile engine is examined by drivers in the Driver Education class.

Closed circuit radio broadcasting station . . . W.B.H.S. . . . Ham radio operation . . . These are our sound engineers.

Meet the Abilities of All

Getting Ready for the Olympics of 1964.

Jerry Herman and Brian Bowler do an experiment to prove the theory of specific gravity.

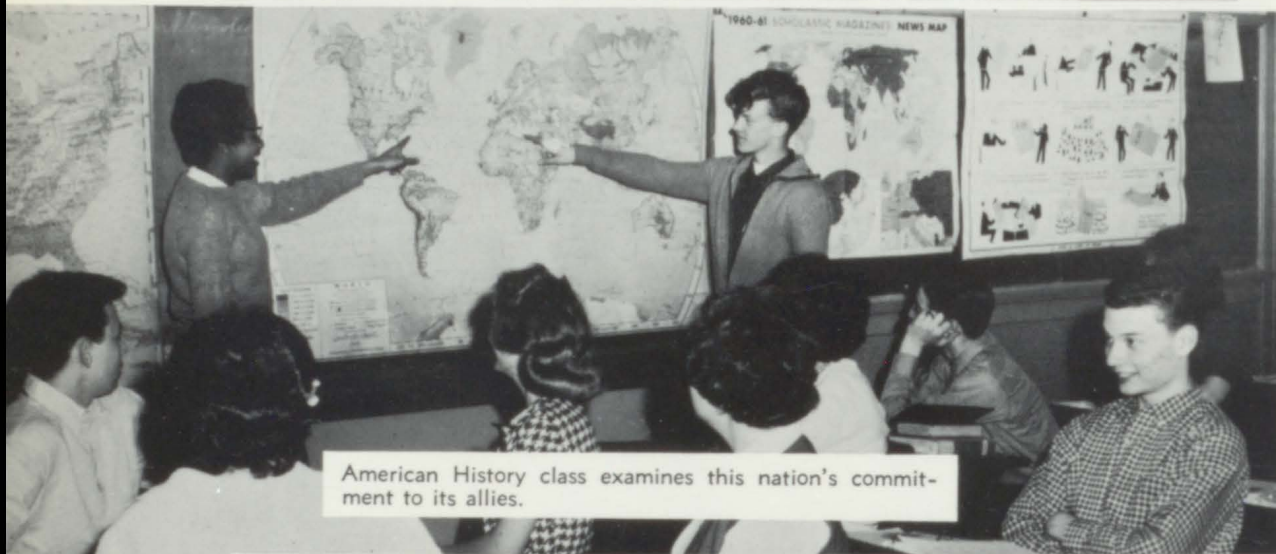

With the influx of Spanish speaking citizens into the City of Newark, these students learn the practical uses of the language.

A Time for Great Ideas

Studio artists try their fine hand at portrait painting . . . Rembrant need not worry.

American History class examines this nation's commitment to its allies.

Excerpts from the stimulating book, *Goals for Americans*, are discussed by senior English class.

You go to my head!

A NIGHT IN

SHANERI-LA

Skills and Knowledge Are

Future Physicians listen to a lecture by Dr. Gangemmi on surgical procedures.

Spills and thrills are always on the agenda of the very popular Ice Skating Club.

The Italian Music Club gathers to hear the recording of Guiseppe Verdi's stirring opera, *La Traviata*.

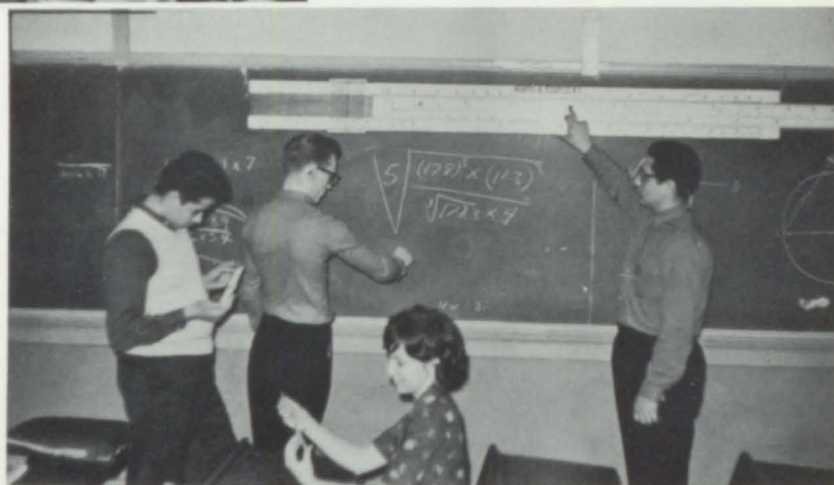

The busy Acropolis staff produces fourteen issues of the school paper every year.

Acquired in Club Activities

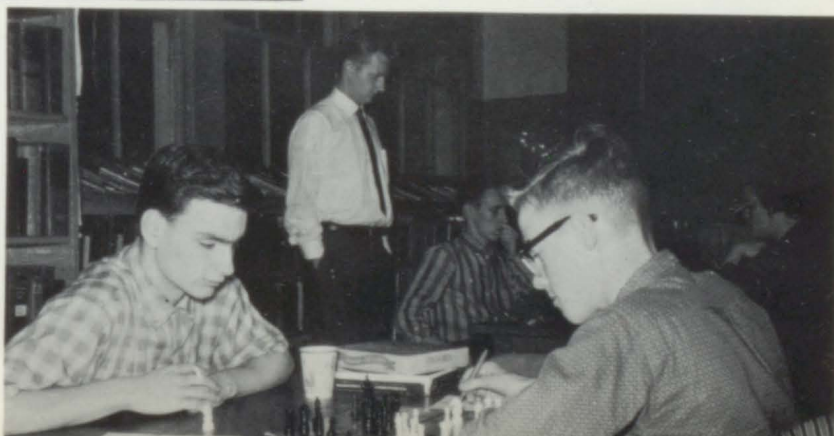

Mrs. Madeline Jannone is conducting the College Board Review Class, which meets voluntarily after school.

Members of the After-Math Club thrive on the challenge of an unsolved problem.

The prestige organization on campus is the Society for the Development of Ideas under the leadership of Mr. Morris Lerner.

The Big Blue Chess Club takes on the astute Montclair team in a tension filled atmosphere.

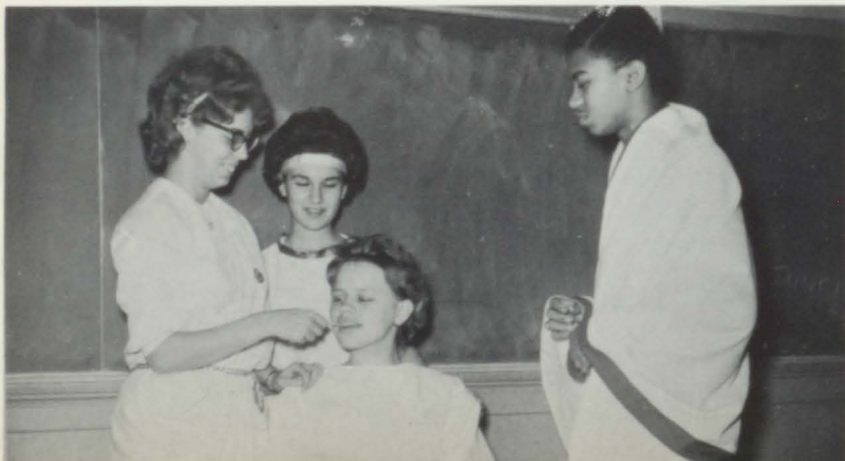

Extra-Curricula Activities

Debating Team organizes its arguments and facts in preparation for a debate on American disarmament policies for an assembly program.

Junior Red Cross makes bandages, prepares food baskets for needy families, and hosts children's parties at Newark hospitals and orphanages.

Theatre Party Club visits the Stratford Theatre in Connecticut to see a moving performance of Shakespeare's play, *Macbeth*.

A dramatization of Cicero's oration is rehearsed by members of the Latin Club.

Supplement Studies

The Italian Cultural Club honors the Italian Centennial Celebration for the Unification of Italy with an original musical travelogue.

These interested onlookers are viewing a film, *Forces*, presented by the Physics Club.

Charm Club receives instruction on proper makeup procedures from its adviser, Mrs. Linda Kocian.

Mrs. Lois Minskoff, adviser of the Modern Dance Club, shows students how to limber up.

DEFINITION OF A BOY

A boy is a bank where you may deposit your most precious treasures—the hard-won wisdom, the dreams for a better world. A boy can guard and protect these, and perhaps invest them wisely and win a profit—a profit larger than you ever dreamed.

A boy will inherit your world. All your work will be judged by him. Tomorrow he will take your seat in Congress, own your company, run your town. The future is his, and through him, the future is yours. Perhaps he deserves a little more of your attention now.
